Extension Wall Kit

### SHOWER WALLS

# 60

Shown with optional SMFLU6032L shower base, SMBPS32-PC grab bar and SMSTV5814-BS storage pod.  
Bellagio 190 | W60" x D36" x H96"

Whether you're remodeling your bathroom with a new look or refreshing your existing bathroom, Samuel Mueller® LUXURA offers the flexibility to meet your design needs without incurring the cost of specialist installation teams.

No special cleaning is required, most dirt and light residue will be easily wiped off with a damp cloth and soapy water.

LUXURA's renewable surface means persistent marks can be removed by using a mild abrasive cleaner.

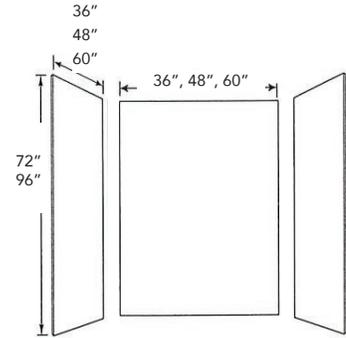

### SHOWER WALL KITS

**MONTEREY** solid surface shower and tub walls with beautiful, realistic, easy care subway tile pattern and matte velvet finish

Samuel Müller MONTEREY® solid surface material has color all the way through the entire thickness for a renewable surface in an easy care 4" x 8" subway tile pattern and smooth matte velvet finish. MONTEREY® subway tile pattern has the realistic look of tile without the maintenance of grout.

Wall panels are trimmable and easy to install. MONTEREY® walls are durable, resistant to stain and virtually maintenance free. The super dense surface won't support bacteria growth. Walls are 1/4" thick.

Wall kits include 3 wall panels and inside corner trim pieces. Walls available 60", 72" and 96".

TRINITY

### Features of TRINITY Panels

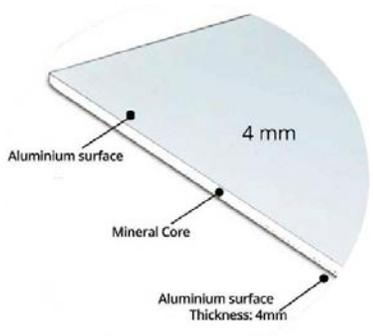

- Panels are each 4mm thick with 3 layers; a sandwich of thick aluminum on both the surface and back with a strong mineral resin core in the middle for strength.
- Technical qualities provide for strength and stability, with a structure that is highly water resistant.
- Each design has a very natural marble or stone look.
- Surfaces are highly scratch resistant and are available in 2 different finishes: super high gloss and honed. Concrete panels come with a realistic textured finish.
- Fabrication is done with regular carbon steel tools, using a circular saw and an aluminum cutting blade.
- Panels can be used either in the shower or on bathroom or other room walls for a luxurious natural stone look.

Lightweight for easy install

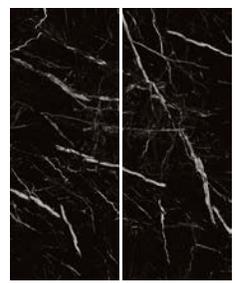

Trinity walls are all 4mm thick

Two-tone selection available

**TRINITY** aluminum shower walls represent the most advanced technologies in digital printing and the most innovative materials available today.

**SHOWER WALLS**

Shown with optional SMFLU6032L-32 shower base in Cameo, and SMSTH1414-BS stainless steel storage pods. Tundra 44 | W60" x D36" x H96"

SILHOUETTE material has color that won't scratch off.

Walls have a beveled outside edge and are trimmable for easy installation.

96" high wall panels extend to ceiling for a clean sanitary shower head installation.

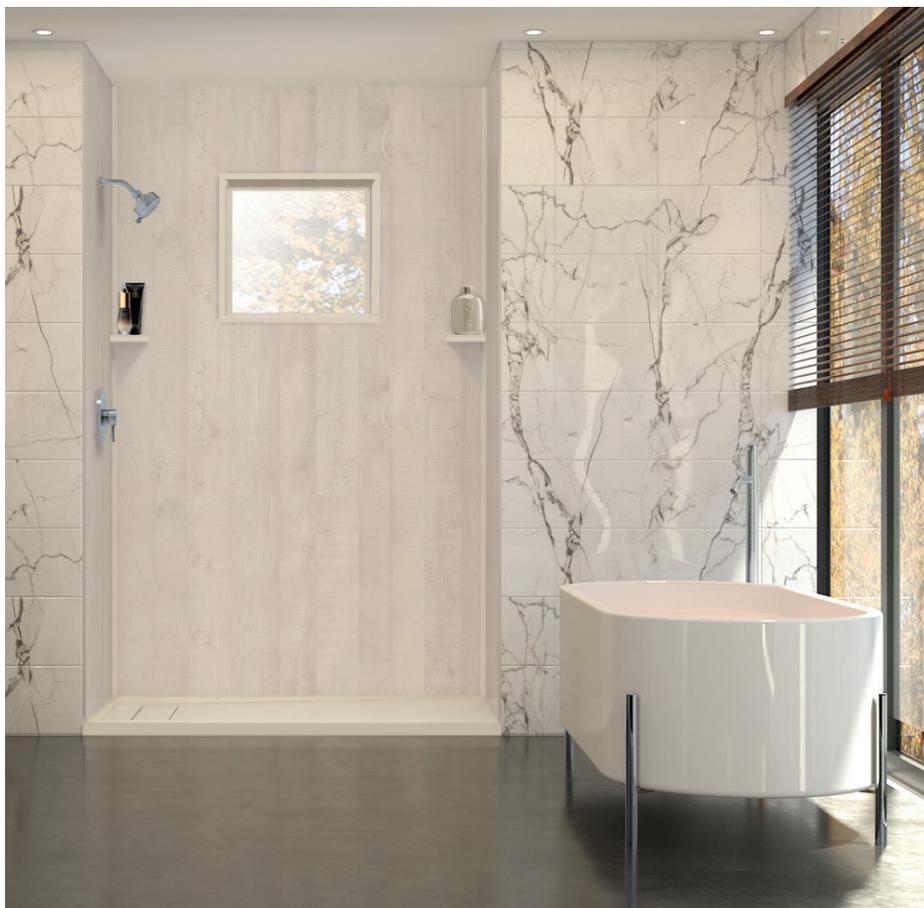

- Easier to install than tile.
- Ideal for remodeling. Walls glue right over existing surface.
- Works with new & existing construction.
- Solid surface material for a beautiful, smooth bacteria-free surface.
- Wall Kits include 3 wall panels and 2 color coordinated inside corner trim pieces.
- Wall Panels available in 72" and 96"
- Scratch and impact resistant.
- Easy to clean.
- 10 Year Warranty
- Silhouette walls are 5mm thick

Samuel Müller SILHOUETTE walls are made of hygienic, non-porous compression molded solid surface material that is right on trend in the latest colors and patterns.

Wall panels are simple to install and adaptable to your space, because SILHOUETTE walls can be cut to size. Outside edges of wall panels are factory-finished for easy installation.

SILHOUETTE walls are durable, resistant to stain and virtually maintenance free. No mold, no mildew.

### SILHOUETTE

walls are made of hygienic, non-porous compressed solid surface material that is right on trend in the latest colors and patterns.

Wall panels are easy to install and adaptable to your space, because SILHOUETTE walls can be cut to size. Outside edges are pre-finished and ready to use.

SILHOUETTE walls are durable and easy to clean. They are virtually maintenance free. No mold, no mildew.

Easier to install than tile. Ideal for remodeling. Walls glue right over existing surface.

### DESIGN TIP

Create your own on-trend look by using 2 white or solid color end walls and a pattern color back wall. Select our Combo Wall Kit to create the look that is your style.

### 60 SHOWER WALLS

Shown with optional SMSTH5814-BS storage pod, SMWTBK487-01 window trim kit, two SMLS317006C-BS shower doors, and SMFLU6032R-31 shower base. White 31 | W60" x D36" x H96"

**BATH ACCESSORIES**

new and existing construction

BATH ACCESSORIES

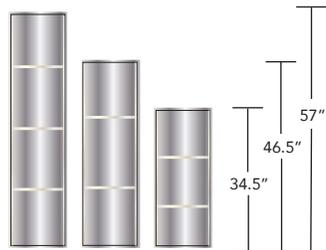

**Horizontal Storage Pods**

Horizontal Pods are designed to run the entire length of the shower in 60", 48" or 36" sizes

**Vertical Storage Pods**

Vertical Pods are designed to run between stud walls.

Lighted Storage Pod  
SMSTHL1414-BS43B with DC  
Powered Light

**STORAGE PODS**

Horizontal  
SMSTH4614-BS

Vertical  
SMSTV3414-BS

Vertical  
SMSTV4614-BS48VB

Storage Pods are a beautiful and easy to install addition to Samuel Mueller solid surface or aluminum walls. Storage pods can be used horizontally or vertically and installed between studs when installed vertically. Add solid surface or aluminum material to the back walls of storage pods to either match or coordinate with wall colors. All pods have a 1/2" stainless steel frame surrounding the pod for a clean finished look.

Horizontal and vertical pods are available in 3 finishes: (BS) brushed stainless, PVD finishes (CB), Powder Coated finishes.

| PVD Finishes          | Powder Coated    |                      |
|-----------------------|------------------|----------------------|
| Champagne Bronze (CB) | Matte Black (MB) | Copper Metallic (CM) |
|                       | White (WH)       | Antique Silver (AS)  |
|                       | Grey (GR)        | Coffee (CO)          |
|                       | Cameo (CA)       | Sea Foam (SF)        |
|                       |                  | Venetian Copper (VC) |

Available Size:

| Horizontal | Vertical              | Dimensions             |
|------------|-----------------------|------------------------|
| SMSTH5714  | SMSTV5714 - 3 shelves | 57" x 14" x 3-3/4"     |
| SMSTH4614  | SMSTV4614 - 2 shelves | 46-1/2" x 14" x 3-3/4" |
| SMSTH3414  | SMSTV3414 - 2 shelves | 34-1/2" x 14" x 3-3/4" |
| SMSTH1414  |                       | 14" x 14" x 3-3/4"     |

To add solid surface or aluminum material to the back walls, select the pod with the choice of the finish color and the solid surface or aluminum color no., then add "B" for back wall. EX: if Monterey tile pattern is selected for back wall, order SMSTV5714-CB47B. This kit includes a 57" x 14" champagne bronze vertical storage pod (SMSTV5714-CB) and back panel in tile pattern Carrara color (SMSPBPV5714-47). The storage pod and back panel can be ordered separately.

Vertical Storage Pods include 3/8" tempered glass fixed shelves with locking clips. Shelves are cut with 1/4" clearance to allow water to run behind the shelves.

LED Lighted Pods have a light strip at the top of the pod. Pods are Direct Current (DC) lighted which includes transformer and driver with an 8 ft. cord with illumination of lights triggered from a motion sensor built into the storage pod.

SMSTV3414-BS

SHOWER BASES

# SAMUEL MUELLER SHOWER BASES

Samuel Mueller offers the shower bases in three different materials: Cast Solid Surface shower bases and Sheet Molding Compound (SMC).

## CAST SOLID SURFACE SHOWER BASES

SMFSL/SMFSLB low profile linear shower bases use special Compression Solid Surface material. The material is super dense and consistent throughout the base. This results in a product that is easy to repair, soft to the touch, and contains gentle matte surfaces that will not support bacterial growth.

SMFSLB is designed for tub replacement. 8.5" drain center location provides a direct replacement for an existing bathtub. Simple installation to convert a bathtub to a 60" shower.

### ADDITIONAL FEATURES:

- Extremely low 2" curb height for a sleek, modern look.
- Unique curving covered drain cover, conceals a shower drain and eliminates the need for decorative drain covers to match faucetry.
- Available in Left drain and Right drain.

SMFSL6032L-87

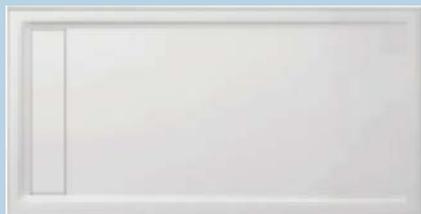

SMFSLB6032L-87

## SMC SHOWER BASES

Samuel Mueller SMC shower bases are made from a composite material composed of resin, fiberglass, and stone filler. Compression molded for precision radius and angles. Modern slip resistance with a stone look texture make it easy to clean as well as slip resistant. Ribbed structure for superior strength. Up to 21% heavier than competitive bases.

## Customizable Trimslate Zero Threshold

### SPECIFICATIONS

Base can be built to custom sizes within certain limitations. Can be trimmed up to 4" in width away from either side of drain on center drain models and up to 4" in width away from side opposite drain on end drain models or up to 2" in depth away from drain. Base is designed to be used as a single, double or triple threshold in stock sizes and single or double threshold models in custom sizes. Notches can also be cut from the bases to allow for columns in a corner. Drain not included.

Colors: 31 White, 32 Cameo, 40 Dark Grey, 09 Black

**NOTE: Shower base will be modified by Samuel Mueller. Please provide order information for the base (See "To order" at the bottom of the page).**

## TRIMSLATE w/ ADJUSTABLE SINGLE THRESHOLD

### SPECIFICATIONS

Customizable Trimslate shower bases with our unique adjustable depth threshold are designed so the maximum depth can be adjusted by up to 2-1/2" without any trimming of the base. Trimslate bases can also be customized in the field to fit your space. For bases 60" in length or less, a 60" add on trimmable threshold is included. For longer bases, an 80" long add on trimmable threshold is supplied. The threshold has a 4" wide flat surface to accommodate shower doors. Drain not included.

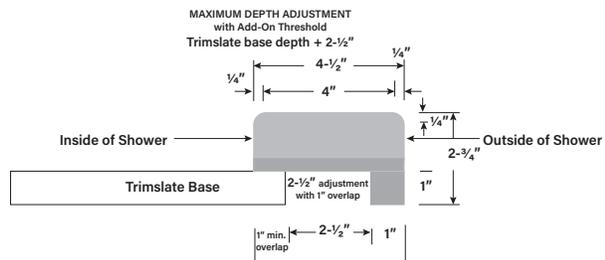

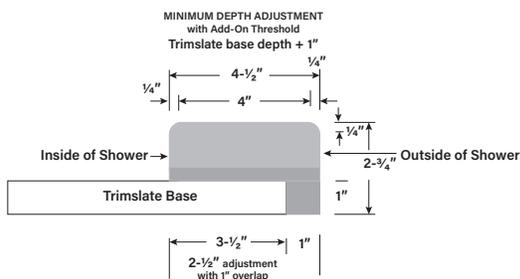

Colors: 31 White, 32 Cameo, 40 Dark Grey, 09 Black

Drain Design for SMFZSTR (Tub Replacement)

\*Represents the min or max depth and width of base when not trimmed. The base can be cut in the field up to 4" in width away from either side of drain on center drain models and up to 4" width away from side opposite drain on end drain models or up to 2" in depth away from the drain to accommodate different dimensions.

**TRIMSLATE w/ ADJUSTABLE DOUBLE THRESHOLD**

## SPECIFICATIONS

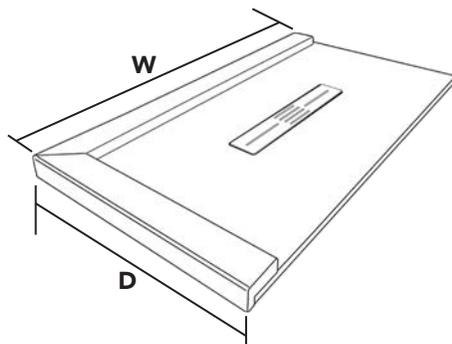

Customizable Trimslate shower bases with our unique adjustable depth threshold are designed so the maximum depth and width can be adjusted by up to 2-1/2" without any trimming of the base. Trimslate bases can also be customized in the field to fit your space. Bases can be trimmed up to 4" in width away from either side of drain on center drain models and up to 4" in width away from side opposite drain on end drain models or up to 2" in depth away from the drain without any loss of integrity. Bases are supplied with (2) 80" long add on trimmable thresholds with a 45° mitred edge to be cut in the field to size. The threshold has a 4" wide flat surface to accommodate shower doors. Drain not included.

\*Represents the min or max depth and width of base when not trimmed. The base can be cut in the field up to 4" in width away from either side of drain on center drain models and up to 4" in width away from side opposite drain on end drain models or up to 2" in depth away from the drain to accommodate different dimensions.

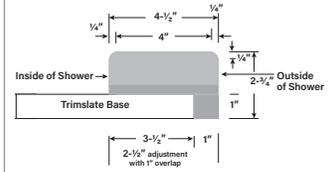

**TRIMMABLE THRESHOLD**

**SPECIFICATIONS**

Trimmable threshold adds more flexibility to Trimslate Zero Threshold and Trimslate Plus Zero Threshold shower bases.  
Colors: 31 White, 32 Cameo, 40 Dark Grey, 09 Black, 33 Caramel.

| Model No. | Size                  | Ship Wt. (lbs) |

| SMT80-    | 80" x 4-1/2" x 2-3/4" | 25             |

**TRIMSLATE PLUS ZERO THRESHOLD**

**SPECIFICATIONS**

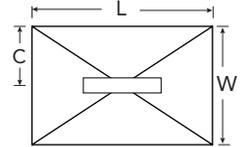

Low profile single, double or peninsula shower base with natural stone effect. Ultra low 1" threshold front curb for easy access and finishes flush with most finished floors. Heavy duty SMC material. Installation for new and existing construction. 1" high aluminum tiling flange included. End drain models are designed for tub replacement. Bases can be trimmed in the field to fit your space. (See next page for trimmable area.) Select from single, double or peninsula threshold. Easy installation. Slip resistant lightly textured slate floor for a safe environment yet maintains an easy to clean surface. Color-matched SMC drain cover for end drain models. Contemporary stainless steel drain cover for center drain models. Drain not included. Optional complementary color threshold can be added to form a conventional base. Design is similar to other Trimslate bases and will accommodate the current add-on threshold.

Colors: 33 Caramel, 59 Tundra Grey, 60 Dolomite, 61 Argenti Black  
Note: SMFZSP7248C NOT available in 61 Argenti Black.

## CURBLESS WET ROOM CENTER DRAIN (Pre-tile Base)

### SPECIFICATIONS

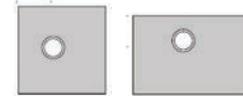

SMFW3535 L35" x W35"  
 SMFW4530 L45" x W30"  
 SMFW4735 L47" x W35"  
 SMFW4747 L47" x W47"  
 SMFW5132 L51" x W32"  
 SMFW5535 L55" x W35"  
 SMFW5932 L59" x W32"  
 SMFW7032 L70" x W32"

Wet Room curbless shower bases are made for tile to go over them. The result is a seamless integration with the tile floor. The shower base becomes almost transparent to the surroundings. Shower base comes pitched for precise alignment of the drain with base and tile. Base is thin and structural. Base rests directly on the joists and matches up with surrounding substrate material. Installation for new and existing construction. Drain not included. Color: 31 White  
 \*See next page for waterproofing kits and drain for installation.

## CURBLESS WET ROOM LINEAR DRAIN (Pre-tile Base)

### SPECIFICATIONS

SMFWL7248 L72" x W48"

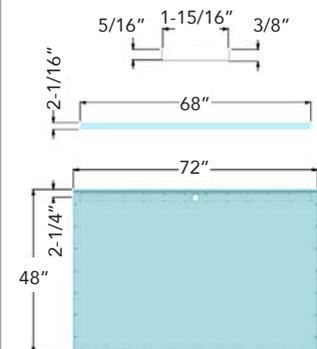

Wet Room curbless shower base is made for tile or decorative stone to go over it. The result is a seamless integration with the tile floor. The shower base becomes almost transparent to the surroundings. Made from lightweight yet durable compression molded glass-fiber reinforced plastic (GRP). Shower base comes with a single continuous pitch to direct water flow towards drain. Base rests directly on the joists, sub-floor, or concrete. Comes with a tileable stainless steel linear drain cover that runs the length of the base and a PVC drain connector. Installation for new and existing construction. Drain not included. Color: Blue.

\*See next page for waterproofing kits and drain for installation.

## GENUINE MARBLE PRE-TILED & PRE-GROUTED CENTER, END DRAIN

**SPECIFICATIONS**

- SMFPT6032 L60" x W32" x H3-1/2" threshold height
- SMFPT6036 L60" x W36" x H3-1/2" threshold height

Pre-tiled genuine marble shower base. Shower base comes totally pre-cut, and fitted with real marble tile in 3 unique designs. These bases have a special flexible epoxy grout and adhesive which provides for bacteria resistance, flexibility and long lasting durability. The marble tile is pre-installed and carefully placed on our Ready Tile SMC sheet molding compound shower base. This Ready Tile shower base core provides a waterproof envelope which prevents any water from leaking at the base. Each base comes with a polished stainless steel shower drain cover and shower drain with a 2" PVC solvent welded or flexible connection. Bases are available in 2 sizes in LH, RH or Center drain models.

Available in 3 patterns:  
Hexagon Off-White (HO), Pebble Creme (PC), Square White (SW)

SHOWER DOORS

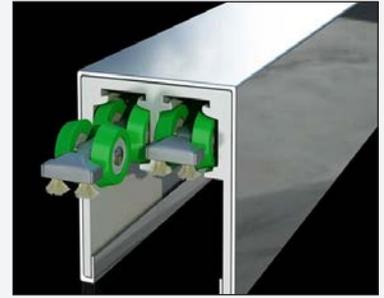

new and existing construction

## Shower Door Special Features

### Smooth and Luxurious Operation

## TruMOTION

The **TruMOTION**® mechanism featured in our shower doors allow the doors to close **softly** and **effortlessly** no matter how hard you close them or how heavy they are.

Our high quality rollers allow the door to glide smoothly along the track

- Prevents slamming
- Closes gradually
- Extends product life minimizing door-to-frame impact

### Meridian, Diamond & Pinnacle Shower Door Hardware Series

Our extensive collection of high end handles adds a distinctive, high-end look to your shower door. Choose either a handle/handle, or handle/knob combination for your door.

\* Matching grab bar available in different sizes.

## Shower Door Special Features

### Nano Technology Glass Coating

Nano technology helps to keep your glass sleek and clean. Also used for windshields, this hydrophobic coating makes glass surfaces easier to clean by making them water, oil and stain resistant.

It provides a LONGER LASTING effect, keeping your shower door squeaky clean and visually appealing.

- NO to soap scum and hard mineral deposits
- Water and oil resistant
- Resists bacteria, reduces mold and mildew growth
- Provides easier & less frequent cleaning, meaning fewer harsh cleaning chemicals in the shower and down the drain.
- Contributes to a cleaner, healthier & safer showering environment.

With Nano Coating

Without Nano Coating

### Extra Tall Shower Enclosure & Impressive Glass Thickness

Our shower doors offer more room to get in and get out.

Our doors are up to 8 inches taller than the standard 72" high shower door.

For stability and overall soundness, our shower door glass is available in 8mm (5/16") and 10mm (3/8"). 6mm (1/4") also available.

Special frosted glass pattern and full frosted glass available.

## SHOWER DOORS

## Ethan Door &amp; Panel System

- Our Ethan shower doors feature a unique TruMotion® slow closing hinge for effortless safe closing. Never worry again about doors that are slammed shut. This unique TruMotion® hinge features an adjustable 3 position timing enabling the user to adjust the closure from either slow or fast paced closing.
- The glass doors and fixed panels feature 76" height.
- Nano coated surfaces for an easy to clean surface.
- Our Ethan door and panel system features extremely clean lines for a modern look. Models are available in swing door, door and In-line panel, or door and glass to glass hinged panels.
- Our size range includes every size from 24" – 84.5" in width by 76" in height. And for maximum flexibility, all of our doors are REVERSIBLE.
- Doors are also available with notched panels as well as return panels for additional flexibility as special order.

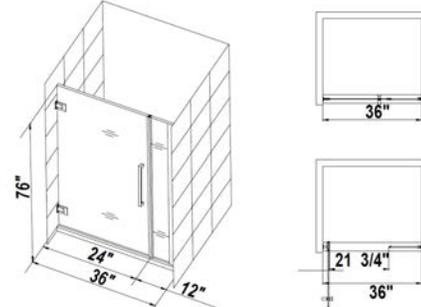

### Type A Door Only

Width Available 24"-30", 1" increment

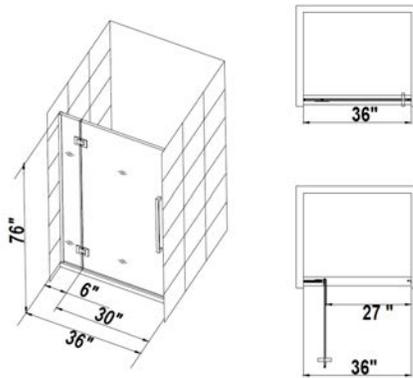

### Type B Door w/ In-line Panel

TruMOTION

**Type C**

Glass to Glass Hinged Door &amp; (1) Panel

**ETHAN GLASS TO GLASS HINGED DOOR (TYPE C)**

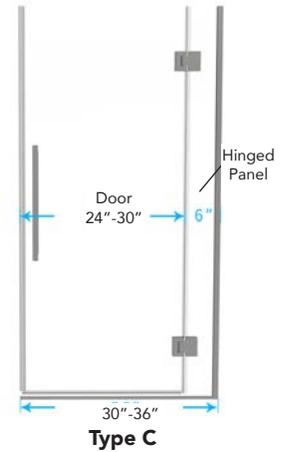

## SPECIFICATIONS

**TruMotion®** SOFT CLOSE 76" height hinged shower doors feature varying width doors to fit different sizes. Hinges are heavy duty **304 stainless steel**. Special **Nano** Protection surface treatment that keeps glass looking clean. **3/8" (10mm)** thick glass. The door is reversible.

Type C includes one glass to glass hinged door and (1) stationary panel. Side wall profile on the stationary panel allows **1/2" out-of-plumb** adjustment. Clear vinyl seal on the door gives a **3/8" out-of-plumb** adjustment.

Frame Finishes: Polished Chrome (PC), Brushed Stainless (BS)  
Matte Black (MB), Champagne Bronze (CB)  
Glass Patterns: Clear (C)

**To complete the order:** select Shower Door without Handles and Handles your choice. EX: **SMEHTC-30247610C-PC** and **SMDH-BND-D-J-PC** (Polished Chrome Ethan Hinged Door for total width 30" with 24" x 76" Clear glass door with Polished Chrome Diamond Juliette Double Sided Barn Door Handle)  
**Handle selections, see page 121-122.**

^Indicate the total width followed by door width after "SMEHTC-" to finish the model no. EX: if the wall to wall opening is 30" wide for Type C door w/ 24" door the model no. will be **SMEHTC-30247610C-**

\* Various door opening sizes available.  
 \*\* NOTE: All measurements should be taken only after walls are finished

TruMOTION

**Type E**

Glass to Glass Hinged  
Door & (1) Panel w/ L  
Bracket

**ETHAN LB HINGED DOOR (TYPE E)**

## SPECIFICATIONS

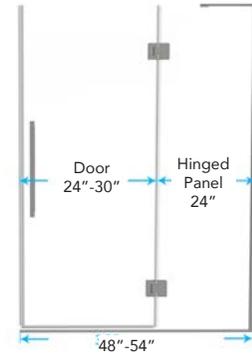

**TruMotion®** SOFT CLOSE featured 76" height hinged shower door with fixed panel combinations offer different variety to meet different shower sizes. Hinges are heavy duty **304 stainless steel**. Special **Nano** Protection surface treatment that keeps glass looking clean. **3/8" (10mm)** thick glass. The door is reversible. Heavy duty **L bracket** adds the extra support to the fixed panel. 24" wide hinged panel is a convenient option for a limited space bathroom with a smaller door. The door can fit up to 54-7/8" maximum opening.

**Type E** includes glass mounted door and one stationary panel w/ "L" bracket. The side wall profile on stationary panel allows up to **1/2" out-of-plumb** adjustment. Clear vinyl seal on the door gives a **3/8" out-of-plumb** adjustment.

Frame Finishes: Polished Chrome (PC), Brushed Stainless (BS)  
Matte Black (MB), Champagne Bronze (CB)  
Glass Patterns: Clear (C)

**To complete the order:** select Shower Door without Handles and add Handles of your choice. EX: **SMEHTE-48247610C-PC** and **SMDH-BND-D-J-PC** (Polished Chrome Ethan Hinged Door for total width 48" with 24" x 76" Clear glass door with Polished Chrome Diamond Juliette Double Sided Barn Door Handle)

**Handle selections, see page 121-122.**

Type E

**\*\* NOTE: All measurements should be taken only after walls are finished**

**Type F**  
Glass to Glass Hinged Door & (2) Panels w/ L Bracket

**Type F**  
Glass to Glass Hinged Door & (2) Panels w/ Double L Brackets

**ETHAN LB HINGED DOOR (TYPE F)**

SPECIFICATIONS

**TruMotion®** SOFT CLOSE featured 76" height hinged shower door with fixed panel combinations offer different variety to meet different shower sizes. Hinges are heavy duty **304 stainless steel**. special **Nano** Protection surface treatment that keeps glass looking clean. **3/8" (10mm)** thick glass. The door is reversible. Heavy duty **L bracket** adds the extra support to the fixed panel. 24" wide hinged panel gives the option to the limited space bathroom with a smaller door. The door can fit in up to 84.5" maximum opening.

**Type F** includes glass mounted door and two stationary panels w/ "L" bracket. The side wall profiles on stationary panels allow up to **1" out-of-plumb** adjustment (1/2" on each side).

**To complete the order:** select Shower Door without Handles and add Handles of your choice. EX: **SMEHTF-56247610C-PC** and **SMDH-BND-D-J-PC** (Polished Chrome Ethan Hinged Door for total width 56" with 24" x 76" Clear glass door with Polished Chrome Diamond Juliette Double Sided Barn Door Handle)

**Handle selections, see page 121-122.**

**SELENE - SMCTSS**

Three function thermostatic valve with hand shower and shelf.

- French VERNET thermostatic cartridge
- Exposed installation allows easy access for maintenance and adjustment
- Intrinsically safe against backflow
- Shelf top surface made of safety glass provides extra space for storage
- Select button on hand shower for effortless switching between spray functions
- Hand shower holder height is adjustable

# DELASI COLLECTION

- Larger showerhead provides an immersive and satisfying shower experience
- Creates a sense of luxury and indulgence
- Longer 36" long sliding shower bar allows users to adjust the height of the hand shower to their preferred position
- Expansive coverage creates a benefit for all members of the household

Thermostatic valve has the ability to be set and to maintain a specific water temperature with precision. It ensures a consistent and comfortable shower experience without the need for constant adjustment. FlowStat two function valve and trim meets the ADA standard. ArgoTherm Push-button valve and trims are user-friendly and easy to operate.

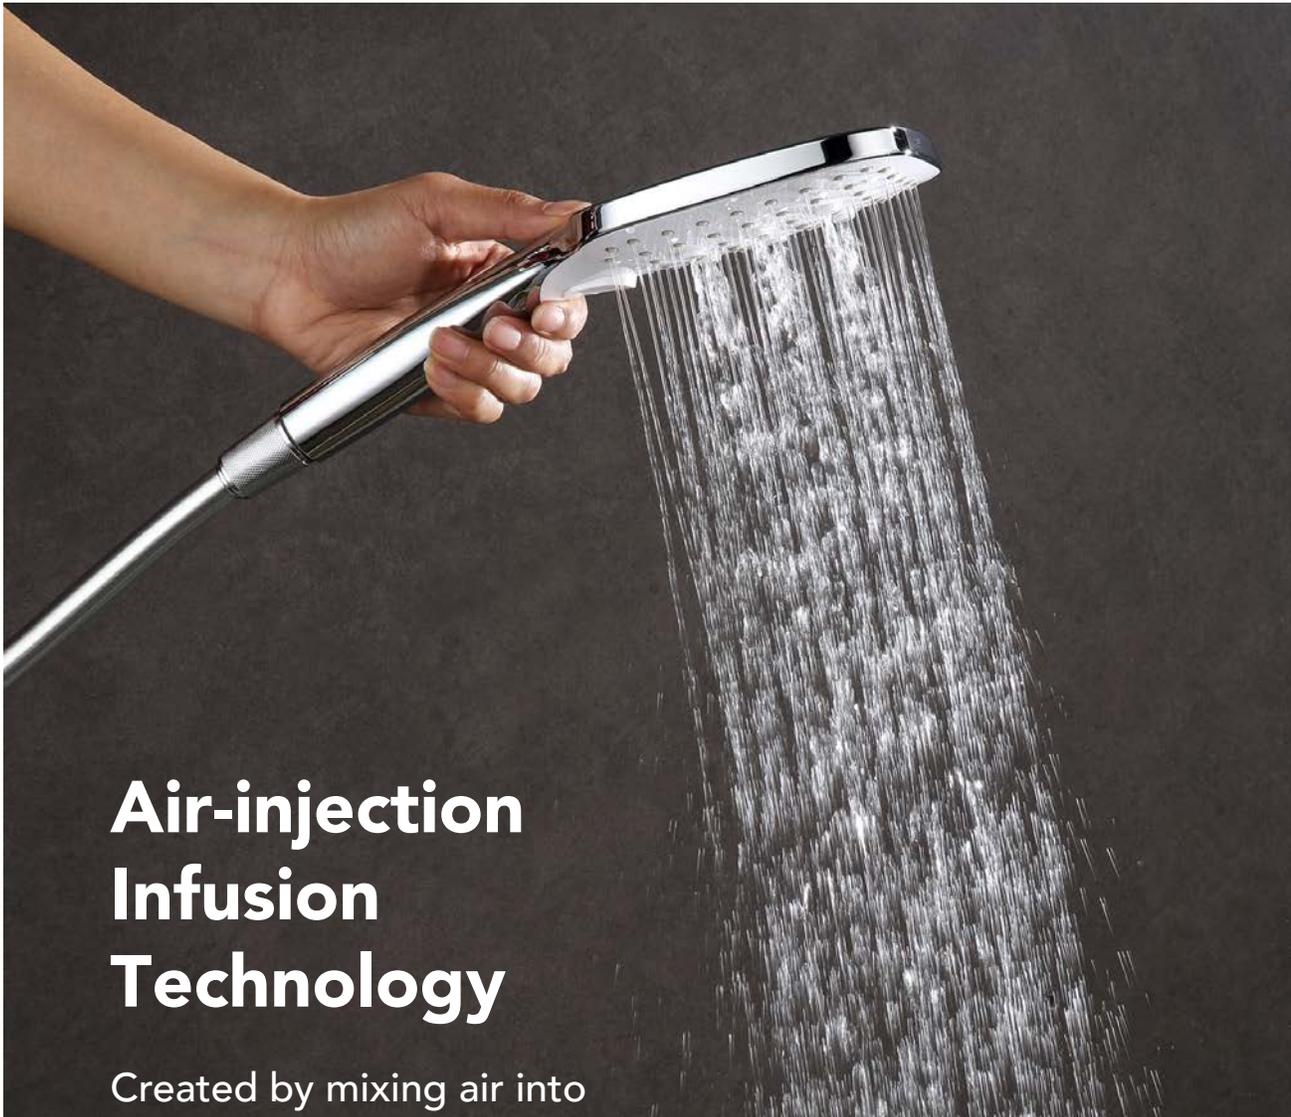

- High end stainless steel or brass showerheads and shower arms as well as stainless steel trim plates that provide exceptional durability; resistant to corrosion, rust and scratches
- Matching sliding bars enhance the overall look of the shower system
- Showerheads and hand showers use air-injection technology for a softer showering experience
- ADA compliant thermostatic valves available (see page 223)

# DELASI COLLECTION

new and existing construction

DELASI

## Air-injection Infusion Technology

Created by mixing air into water, thus developing a more invigorating shower experience. Air pours into the interior of the top of the showerhead across the entire plate. Airflow is pulverized into numerous bubbles resulting in a spray that is more even, snug, soft and comfortable.

## ARGOTHERM - Thermostatic Valves

### ArgoTherm Single Function Thermostatic Valve & Trim

- Solid brass construction
- Single function with one push button for flow rate and one handle for temperature control
- French VERNET thermostatic cartridge
- Anti-scald 100-degree safety stop
- Stainless steel trim plate provides durability
- Forever Box is required for use (order separately)

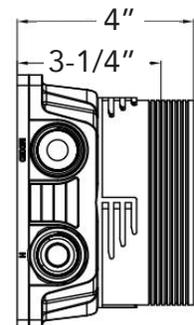

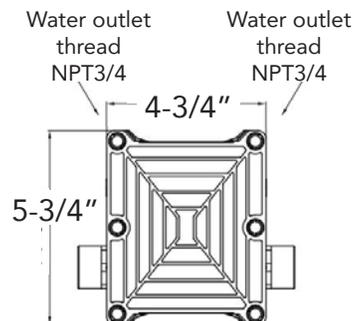

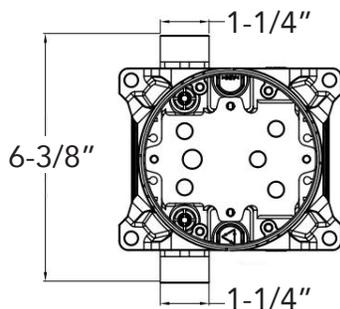

### ArgoTherm Two Function Thermostatic Valve & Trim

- Solid brass construction
- Handles two functions at 100% capacity
- French VERNET thermostatic cartridge
- Anti-scald 100-degree safety stop
- Stainless steel trim plate provides durability
- Two functions can be operated simultaneously
- Forever Box is required for use (order separately)

### Forever Box

- Fully concealed Forever Box prevents water from getting behind the wall
- Designed to make installation easy
- Once installed, it's compatible with Samuel Mueller ArgoTherm and FlowStat one function and two function thermostatic valve & trims
- Easy, demo-free replacement of valve & trim and shower fixtures for future upgrade

### ArgoTherm Three Function Square Thermostatic Push Button W/ Hand Shower on Bar Set

**SPECIFICATIONS**

**Trim:**

- Stainless steel trim plate with handles and push buttons
- 16" brass shower arm with 12" brass square showerhead
- 18ga 36" 304SUS sliding bar
- Brass single function hand shower with 59" stainless steel shower hose
- Includes brass wall connector
- Matching brass tub spout with rotated function
- 2.5 gpm

**Valve:**

- Thermostatic push-button shower valve
- Matches with France VERNET cartridge
- Solid brass body material
- Plastic built-in box
- Install with screw stop to adjust water flow rate
- Comes with Forever Box

# MAESTRO COLLECTION

new and existing construction

## ASTRA - SMAPSK1610HB-2-PC

Shown with SMMSHA10S-PC Astra showerhead, SMSSA16-PC Sampson shower arm, SMVTP2S-PC Theo pressure balance valve, SMMHSA3FS-PC Astra hand shower, SMSSSB30-PC Sampson sliding bar, SMSHSS59-PC shower hose, and SMMWE Manhattan wall elbow.

- Larger showerhead delivers a more enveloping and indulgent shower experience
- Crafted for style and functionality
- Power Clean Hand Shower - powerful spray at the top of the hand shower makes cleaning the shower easier than ever
- Stainless Steel or Brass Trim Plate provides exceptional durability and is resistant to corrosion, rust, and scratches
- ADA compliant pressure balance valves available (see Pages 221-222)

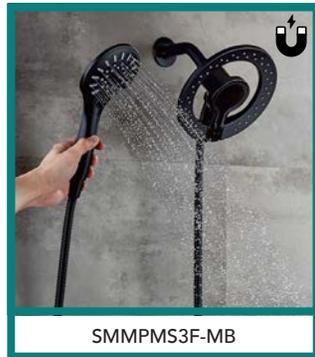

## MAESTRO COLLECTION

Pressure Balance valve with screw stop mechanism to adjust water flow rate ensures a consistent and satisfactory water experience despite variations in water pressure and provides a straightforward way to make adjustments without the need for complex controls.

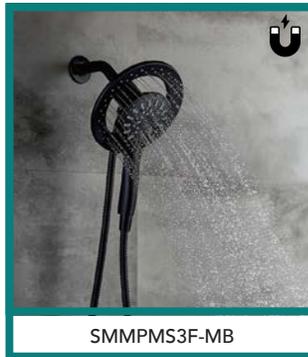

### Magnetic Docking

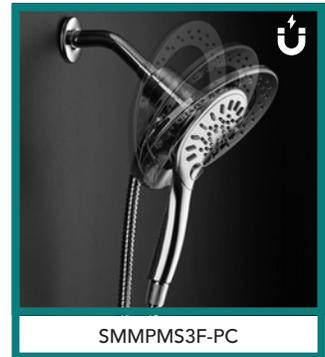

\*Shown with products that feature Magnetic Docking

SMMPPMS3F-MB

SMMPPMS3F-MB

SMMPPMS3F-PC

\*Adjustable Showerhead

## Magnetic Docking Hand Showers

- Powerful magnet holds the hand shower to the magnetic bracket
- Easily release and securely return the hand shower
- Hand shower stays docked while not in use
- Creates a cleaner look in the shower - no need for an additional fixture to dock the hand shower
- PAX SMMPPMS3F 3 Function Hand Shower (shown above)
  - Auto-Switch Technology
    - Water flows from the showerhead and hand shower while the hand shower is docked
    - Water automatically switches to flowing from the hand shower only when the hand shower is removed from its magnetic bracket
  - Adjustable Showerhead: showerhead can be tilted to adjust spray angle
- PAX SMMPPMS8F 8 Function Hand Shower (shown below)
  - A Power Clean hand shower: jet spray mode is positioned at the top of the shower, delivering a concentrated stream of water for high-pressure cleaning and rinsing, making the job a breeze
- Magnetic bracket mounts onto shower arm
- Shower arm required for use (order separately)

Power Clean

\*Shown with products that feature Power Clean mode

# Power Clean Hand Showers

*\*Shown with products that feature Power Clean mode*

- Oscar 4 Function Hand Showers (SMMHSO4FR and SMMHSO4FS) feature the waterfall spray, Oscar's Power Clean spray mode
- Waterfall spray is a powerful spray that makes cleaning and rinsing the bathing area easier
- Switch to the waterfall spray by pressing the button on the back of the hand shower
- Use the select button on the front of the hand shower to switch between the other 3 functions which come from the hand shower face: spray, boost spray and jet spray

## Select Button Hand Showers

- Personalize your showering experience with the press of a button
- Effortlessly switch between 3 different functions

## Multi-Functional Hand Showers

**Power  
Clean**

*\*Shown with products that  
feature Power Clean mode*

- PAX 8 Function Hand Shower (SMMPMS8F) features multiple spray settings in one handheld unit
- Choose how you want your shower to feel
- Jet Spray mode is the PAX 8 Function's Power Clean spray mode that provides better cleansing and rinsing
- Massage spray mode helps soothe sore muscles and relieve tension for a mini-spa experience at home
- Mist spray mode is more gentle and soothing for sensitive skin

## Centro Convenient Shower Set

- Convenience at hand with the Centro Shower Set (SMMCSS93F)
- Large 10" round showerhead is attached to the sliding bar via the included shower arm
- Connected hand shower cradle holds the coordinated three function hand shower and enables you to adjust the hand shower height to your preference
- Diverter function on sliding bar and 59" stainless steel shower hose provide the perfect method for hand shower usage
- Just choose your preferred single function pressure balance valve to complete

## ADA Compliant Pressure Balance Valves

- ADA compliant brass lever handle(s) for accessibility and easy operation for individuals with limited strength, dexterity, or mobility
- Use 5 pounds of force or less to operate the valves
- Does not require tight grasping, pinching, or twisting
- Single function valves have a single lever handle
- Two and three function valves have two lever handles

### EVANNA - SMEPRK64-1-PC

Shown with SMSESH3F4-PC Evanna showerhead, SMBSA6R-PC shower arm, and SMVTP1R-PC Theo pressure balance valve.

- Brass Trim Plate provides exceptional durability and is resistant to corrosion, rust, and scratches
- Stylish Design
- More Function showerheads customize shower experiences based on personal preferences or specific needs
- ADA compliant pressure balance valves available (see Pages 221-222)

## SERENITY COLLECTION

Pressure Balance valve with screw stop mechanism to adjust water flow rate ensures a consistent and satisfactory water experience despite variations in water pressure and provides a straightforward way to make adjustments without the need for complex controls. Valve includes screw stops to shut off the valve in the shower for convenient repairs. Cartridge is reversible and available as a replacement at many big box locations.

## Greyson Hand Showers Feature Nine Functions

**Power  
Clean**

*\*Shown with products that  
feature Power Clean mode*

- Greyson 9 Function Hand Showers (MSGHS9F5) are designed for versatility and convenience, enabling customization for your bathing and cleaning needs
- Nine functions: rain, massage, spray, mist, waterfall spray, power spray, pause, rain+spray, and spray+mist
- Power spray function is particularly effective for tackling tough grime and cleaning shower surfaces
- Power spray is Greyson's Power Clean optional spray mode that emerges from the top of the hand shower
- Wide 4-7/8" hand shower face covers a larger surface area, ensuring quicker and more efficient bathing and cleansing

# SHOWERING COMPONENTS & BATH SAFETY COLLECTION

SAMUEL  
MÜLLER

- Stainless steel ADA compliant grab bars ensure safer bathing, giving a strong and stable surface to hold on to that lessens the likelihood of falling
- Offering wall mount showerheads designed without the need for a separate shower arm
- ADA compliant pressure balance and thermostatic valves available (see Pages 69- 71)
- Tub spouts come in diverting and non-diverting options; upgrade your non-diverting tub spout to a non-diverting tub spout with the ability to rotate left to right

There are multiple finish, function, style, and size options to suite your bathroom. Tailor your bathing area to your personal taste by selecting shower fixtures that enhance and elevate your showering experience.

# SHOWERING COMPONENTS

new and existing construction

SHOWERING COMPONENTS

## Remington Two Function Showerhead

- Large 12-11/16" round showerhead (SMDSHR2FR) provides ample bathing surface area coverage
- Two functions: rain with air injection and waterfall with air injection
- Air injection technology gives a gentler touch in the shower
- Design of the wall mount showerhead eliminates the need to select and purchase a shower arm
- Includes concealed installation box

## BATH SAFETY

### Safety In The Shower

- Add safety to your shower area by using the Sienna Grab Bar Kit (SMSLVG321836 and SMSLVG442636) or just the Sienna Reversible Grab Bar (SMSLG3218 and SMSLG4426)
- Reduce the chances of falling with the large 1-1/4" diameter tube for a secure and reliable grip
- Sienna Reversible Grab Bars are L-shaped and can be installed in either direction to suite your needs
- Sienna Grab Bar Kits have the added convenience of the Sienna Vertical Grab Bar with the integrated hand shower cradle
- Complete your Sienna Grab Bar Kit setup by pairing it with the CelestaTherm thermostatic valve along with the hand shower and shower hose of your choice for a fully customized and functional bathing experience

## Large Camilla Showerheads

- Large 11-3/4" showerheads available in round (SMDSHC12R) and square (SMDSHC12S) designs for a lavish water flow that ensures optimal coverage
- Innovative air injection technology incorporated into the single rain function for a fuller and more soothing cascade of water
- Durable brass construction with silicone nozzles
- Available in 4 elegant finishes, allowing you to choose the perfect style to complement your bathroom decor

**CAMILLA**  
Round

**CAMILLA**  
Square

## 15-3/4" Shower Arms

- Long 15-3/4" shower arms engineered to accommodate large showerheads
- Matching flange cover accompanies the shower arm
- Brass construction for strength, longevity and a reliable performance
- Available in matching finishes to complement your large showerhead
- Three distinct style options to suit your personal taste and enhance your bathroom decor: Rowan (SMRSA16), Sampson (SMSSA16), and Tyler (SMTSA16)

## Longer Shower Hoses

- 71" shower hoses offer an additional 12" of reach compared to the standard 59" shower hoses
- Extended length provides enhanced flexibility, making it easier to maneuver the hand shower for thorough cleaning or to accommodate various showering positions
- Improves accessibility but also reduces strain and wear on the hose itself, making it an excellent choice for individuals with mobility issues or injuries
- Choose from two high-quality materials: stainless steel and PVC
- Available in four finishes to seamlessly integrate with your bathroom fixtures

## Tall Sliding Bars

- Generous height of the 36" sliding bars with hand shower cradle are designed to offer unparalleled flexibility and adjustability, providing ample room to position your hand shower at the perfect height for optimal comfort and convenience
- High-quality and long-lasting stainless steel that will not rust or corrode
- Available in four sophisticated finishes and three distinct styles: Manhattan (SMMSSB36), Sampson (SMSSSB36), and Tyler (SMTSSB36)
- Please note that the shower hose and hand shower are sold separately, giving you the freedom to choose the hose length and material, as well as a hand shower that best fits your preferences and style

**TYLER 36"**

**SAMPSON 36"**

**MANHATTAN 36"**

## Rotating Tub Spouts

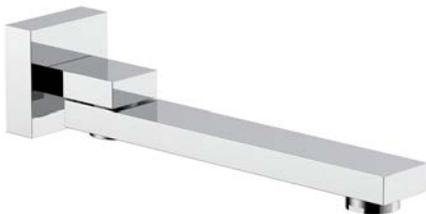

- 9" in length, these non-diverting tub spouts offer a longer reach compared to traditional models
- Rotating design allows you to easily direct the water flow left or right, enhancing your control and flexibility during use
- Durable brass for strength and reliability

**ROWAN**  
Rotating Tub Spout

Spout can rotate  
180 degrees

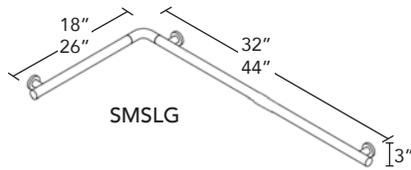

**SAMPSON**  
Rotating Tub Spout

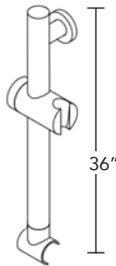

## CelestaTherm Valve

- 3-function thermostatic valve with built-in shelf to keep essentials within easy reach
- Solid brass valve body
- French VERNET thermostatic cartridge
- ADA-compliant brass lever handles
- Only available in polished chrome finish with white shelf crafted from safety glass
- Hand shower and shower hose are sold separately, allowing you to select the options that best suit your preferences

SMSG

SMSVGS

## SIENNA GRAB BAR KIT

### SPECIFICATIONS

SMSLVG321836 - L32" x W18" x H36" | SMSLVG442636 - L44" x W26" x H36"  
 ADA compliant grab bar kit includes one Sienna Reversible Grab Bar (SMSG) and one Sienna Vertical Grab Bar (SMSVGS).

### Sienna Reversible Grab Bar

SMSG3218 - L32" x W18" x H3" | SMSG4426 - L44" x W26" x H3"

- Horizontal L-shaped grab bars are reversible for independent living
- 1-1/4" diameter tube
- Solid casting fixing feet to wall
- Heavy duty 304 stainless steel
- Note: Can be used independently from the SMSVGS Sienna Vertical Grab Bar

### Sienna Vertical Grab Bar

SMSVGS36 - W3" x H36"

- Vertical grab bar has hand shower cradle that slides up and down the grab bar
- Bottom grab bar foot mounts onto the SMSG Sienna Reversible Grab Bar
- 1-1/4" diameter tube
- Solid casting fixing top foot to wall
- 304 stainless steel
- Note: Must be used with SMSG Sienna Reversible Grab Bar

## Hand Shower Cradle

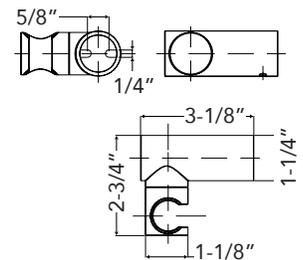

### Hand Shower Cradle

**SPECIFICATIONS**

- Round integral hand shower cradle
- Brass material

| Model No. | Description | Polished Chrome | Brushed Nickel | Matte Black | Champagne Bronze |
|-----------|-------------|-----------------|----------------|-------------|------------------|
| SMRHC-    | Cradle      |                 |                |             |                  |

## Shower Arm Union

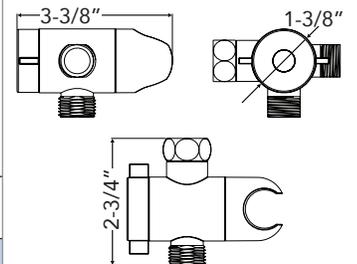

### Shower Arm Union

**SPECIFICATIONS**

- Round shower arm mount union for hand shower

| Model No. | Description | Polished Chrome | Brushed Nickel | Matte Black | Champagne Bronze |
|-----------|-------------|-----------------|----------------|-------------|------------------|
| SMUAMH-   | Union       |                 |                |             | N/A              |

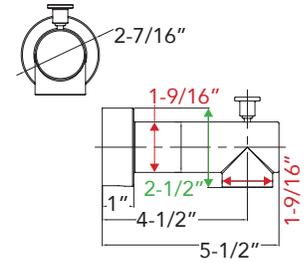

### Rowan Diverting Tub Spout

**SPECIFICATIONS**

- 5-1/2" round tub spout with diverter
- 1/2" NPT male thread connection
- Zinc material
- 6.01 gpm @ 60 PSI

| Model No. | Description | Polished Chrome | Brushed Nickel | Matte Black | Champagne Bronze |
|-----------|-------------|-----------------|----------------|-------------|------------------|
| SMRTSD-   | Tub Spout   |                 |                |             | N/A              |

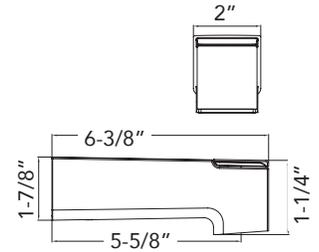

### Sampson Diverting Tub Spout

**SPECIFICATIONS**

- 6-3/8" square tub spout with diverter
- 1/2" NPT male thread connection
- Zinc material
- 12.18 gpm @ 40 PSI

| Model No. | Description | Polished Chrome | Brushed Nickel | Matte Black | Champagne Bronze |
|-----------|-------------|-----------------|----------------|-------------|------------------|
| SMSTSD-   | Tub Spout   |                 |                |             | N/A              |

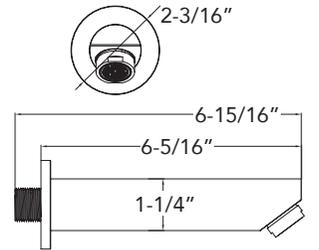

### Rowan Non-diverting Tub Spout

**SPECIFICATIONS**

- 6-5/16" round tub spout less diverter
- 1/2" NPT male thread connection
- Brass material
- 9.17 gpm @ 60 PSI

| Model No. | Description | Polished Chrome | Brushed Nickel | Matte Black | Champagne Bronze |
|-----------|-------------|-----------------|----------------|-------------|------------------|
| SMRTS-    | Tub Spout   |                 |                |             |                  |

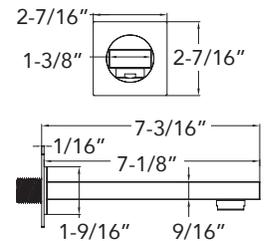

### Sampson Non-diverting Tub Spout

**SPECIFICATIONS**

- 7-3/16" square tub spout less diverter
- 1/2" NPT male thread connection
- Brass material
- 8.98 gpm @ 60 PSI

| Model No. | Description | Polished Chrome | Brushed Nickel | Matte Black | Champagne Bronze |
|-----------|-------------|-----------------|----------------|-------------|------------------|
| SMSTS-    | Tub Spout   |                 |                |             |                  |

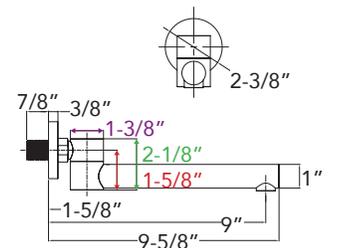

Spout can rotate

### Rowan Rotating Tub Spout

**SPECIFICATIONS**

- 9-5/8" round tub spout less diverter
- Spout can rotate
- 1/2" NPT male thread connection
- Brass material
- 4.23 gpm @ 60 PSI

| Model No. | Description | Polished Chrome | Brushed Nickel | Matte Black | Champagne Bronze |
|-----------|-------------|-----------------|----------------|-------------|------------------|
| SMRRTS-   | Tub Spout   |                 |                |             |                  |

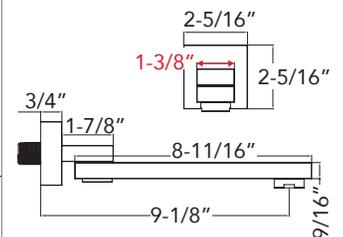

Spout can rotate

### Sampson Rotating Tub Spout

**SPECIFICATIONS**

- 9-1/8" square tub spout less diverter
- Spout can rotate
- 1/2" NPT male thread connection
- Brass material
- 3.86 gpm @ 60 PSI

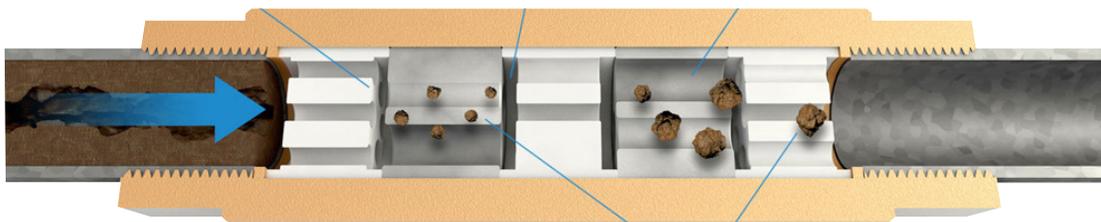

| Model No. | Description | Polished Chrome | Brushed Nickel | Matte Black | Champagne Bronze |

| SMSRTS-   | Tub Spout   |                 |                |             |                  |

## How does it work?

**CalciumGuard®** is a physical water conditioner that inhibits scale buildup and corrosion while also removing current scale buildup. This electrostatic device combines the dielectric characteristics of its construction with the hydraulic conditions present during operation to precipitate calcium and magnesium into suspension. This inhibits scale from adhering to surfaces and creating buildup. These larger particles that are formed are then easier to remove through filtration. During precipitation, the water becomes under saturated, enabling it to “eat” existing scale buildup.

**CalciumGuard®** also uses Galvanic Cathodic Protection as its corrosion prevention method with the Dry Contact Anode being the main component. The Dry Contact Anode is made of zinc, a more reactive metal than the metal of the piping or equipment. This means that the Dry Contact Anode is going to be consumed in preference to the metal piping and equipment during the electrochemical process of corrosion. Additional corrosion prevention occurs when the loose red rust in the water responds to the zinc and turns into black magnetite. Magnetite forms a hard, protective layer on the inside of the piping, extending its life expectancy.

# CalciumGuard® Benefits

## Application

For use in a variety of residential, commercial, industrial, and municipal applications, including point-of-entry end uses; these applications include but are not limited to traditional gas or electric water heaters and tankless water heaters, cooling towers, chillers and condensers, boilers, steamers, aerators, and plumbing systems

## Low Maintenance

No chemicals, no magnets, no power, no salt, no moving parts that will need replaced

## Improved Filtration

Suspended particles in the water are precipitated; these larger particles are easier to remove through filtration

## Improved Heating

Less energy is needed to heat water as the scale buildup on the heating surfaces is removed

## Operational Life Extension

The operational life of metal piping and equipment is extended via corrosion protection as well as the removal of corrosion, rust deposits and other buildup

## Bacteria Prevention

The larger particles formed during precipitation absorb and remove the nutrients necessary for bacteria to live and grow; the removal of scale (a habitat for bacteria) means a reduction in areas of bacteria habitation

## Energy Free

Water conditioner operates without the use of electricity

## Lead Free Material

Safe for drinking water applications; body made from nickel plated lead free brass or bronze; anode made from zinc; turbulence body made from PTFE; o-rings made from nitrile

## Chemical Free

Harsh chemicals are NOT used to remove current scale buildup or prevent future scale buildup

## Installation

Designed for vertical installation or with a filter in horizontal installations

## Scale Prevention and Removal

Ecofriendly electrostatic device with galvanic action that dissolves and prevents scale buildup

## Corrosion Protection

More reactive than copper or iron, zinc is more apt to be attacked by radicals causing corrosion; zinc ions also remove existing corrosion; formation of a magnetite layer protects the surface once current corrosion is dissolved

Compliance Certifications: NSF, WRAS, and TÜV approved; any PTFE used are certified KTW

## VANITY ACCESSORIES

Drawers help maximize storage efficiency and organization. Shelves offer versatile storage solutions, allowing you to customize your cabinet interiors to your specific needs. Corbels and Decorative Legs infuse your cabinetry with classic charm and architectural detail, providing a refined touch to your kitchen. The Remington Valance completes the look, adding a sophisticated, finished appearance to your cabinets while blending seamlessly with the classic Remington style. Moldings and panels allow for personalized accents and finishing touches, enhancing the overall design and creating a cohesive look with your cabinets.

Enhance your cabinetry with our extensive range of framed cabinet accessories. Designed to complement and elevate the beauty of your cabinets, these add-ons provide both functional and decorative solutions. Available in colors that match perfectly with the Framington framed cabinets, these accessories ensure a harmonious and polished appearance throughout your space. Elevate your cabinetry with these refined details to achieve a truly customized and stunning finish.

MIRRORS

# MIRRORS

Standing elegantly at 34-inches high, the framed vanity mirror boasts a plywood frame that comes in both Remington and Latitude styles and in six colors to seamlessly integrate with your vanity cabinet. Their six versatile widths offer the perfect size to suite your space. For a touch of modern luxury, we also offer LED mirrors in various sizes. These mirrors are designed with a 5mm thick construction, providing a robust yet sleek profile. The LED option includes energy-efficient lighting and can be controlled via a wall switch or a touch on/off sensor for ease of use and added convenience.

Our mirror collection boasts options to suite your taste from classic elegance of the Remington style vanity framed mirror to modern minimalism of the Latitude style vanity framed mirror to modern innovation of the frameless LED mirror. These mirrors offer the perfect finishing touch to elevate your bathroom's design and functionality.

## Samuel Müller® Warranty Details

Samuel Müller® expressly warrants its products as listed above to be free of defects in material and workmanship, subject to the limitations set forth in this Limited Warranty. Each product will function for the purpose for which it was designed for the period designated above from the date of purchase to the original buyer. The warranty above is only valid if the product has been installed in accordance with the installation instructions provided by Samuel Müller®, used as recommended, and not damaged due to excessive heat or abuse. Granite and marble are natural stone products; therefore, Samuel Müller® does not guarantee against variations in color, markings, vein directions, imperfections, soundness, instability, inconsistency, or suitability for the purpose selected.

This warranty does not cover replacements and/or corrections caused by misuse, improper maintenance or normal wear and tear, acts of nature, scratches, chips, or damage caused by failure of any adhesive, caulk or other accessory, or failure of any caulked or filled joint or seam. This Limited Warranty covers the product for normal interior use in the United States, Mexico and Canada and does not cover the product moved from its original place of installation. Products that are listed as discontinued will not be covered under warranty. Labor charges incurred during any installations are not included under this Limited Warranty. Samuel Müller® will NOT cover the expenses related to shipping the replacement part to the customer, including any shipping charges, duties, or additional costs associated with the shipment of the replacement item.

Samuel Müller® will, at its option, repair or replace the product with the original purchaser if a Samuel Müller® product fails due to a Samuel Müller® manufacturing defect, which is discovered during the warranted years as listed above after the initial purchase. Replacements and/or corrections are at the sole discretion of Samuel Müller® and will be limited in scope to a reasonable and equitable remedy.

This Limited Warranty applies to Samuel Müller® products that were purchased after January 1, 2011, and maintained as described by Samuel Müller's® care and maintenance guide. (If needed, the care and maintenance guide can be found on the Samuel Müller® website at [www.samuelmueller.com](http://www.samuelmueller.com).) For service under this Limited Warranty, you must notify Samuel Müller® in writing, providing your name and address, a description of the product involved, the nature of the defect or failure, and proof of purchase and date of purchase. Repair or replacement shall not include any labor charges. This limited warranty is non-transferable. Warranty problems should be submitted to: Samuel Müller® 800 Bronze Rd. Warren, OH 44483, email [sales@samuelmueller.com](mailto:sales@samuelmueller.com) or by submitting the Samuel Müller® Warranty Claim form as found at [www.samuelmueller.com](http://www.samuelmueller.com).

When used in a leased or rented residential single or multi-family unit, including duplexes, townhomes, condominiums, and apartments, Samuel Müller® warrants the product to be free from defects in material and workmanship for the designated duration to the original consumer who owns the property, but not the resident. Excluded are installations in public, industrial, or for any business purpose, such as hospitality or healthcare, which would be considered commercial use, referenced above.

THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, AND SAMUEL MUELLER® EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THIS LIMITED WARRANTY SETS FORTH THE PURCHASER'S SOLE REMEDY IN CONNECTION WITH THE SALE OR USE OF PRODUCTS COVERED BY THIS LIMITED WARRANTY AND IN NO EVENT SHALL SAMUEL MUELLER® BE OTHERWISE LIABLE FOR ANY LOSS, DAMAGE OR INJURY OF ANY NATURE ARISING OUT OF THE SALE OR USE OF THE PRODUCTS DELIVERED HEREUNDER, WHETHER FOR NEGLIGENCE, BREACH OF CONTRACT OR UNDER ANY OTHER LEGAL OR EQUITABLE THEORY. SAMUEL MUELLER® SHALL NOT BE LIABLE FOR ANY INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE SALE OR USE OF SUCH PRODUCTS, INCLUDING BUT NOT LIMITED TO LOST PROFITS, REVENUES, ANTICIPATED SALES, BUSINESS OPPORTUNITIES OR FOR INTERRUPTION OF BUSINESS\*.

\*Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state. Note: Samuel Müller® warranty does not include items identified as 'wear items' that can be purchased through Samuel Müller®. If you require replacement of a 'wear item,' please contact Samuel Müller®.

## Samuel Müller® Cabinet Warranty Details

Samuel Müller® guarantees to the original consumer purchaser that its cabinets are manufactured to be free from defects in materials and craftsmanship for five (5) years when used under normal residential conditions. Door hinges and drawer glides are warranted to be free from defects in materials and craftsmanship for the lifetime of the product under normal residential use. Proof of purchase is required for the warranty to be valid. This warranty applies only to the first owner and cannot be transferred. No representative or dealer is authorized to modify or extend this warranty.

This warranty does not cover replacements and/or corrections caused by misuse, improper maintenance, normal wear and tear, acts of nature, accidents, alterations, modifications, incorrect installation, poor storage or handling, exposure to environmental extremes, or any damage caused after the product leaves our facility. This warranty covers the product for normal interior use and does not cover the product when it has been moved from its original place of installation. The warranty is invalid if the product is used for applications other than their intended purpose. Labor costs of any kind are not covered.

At its discretion, Samuel Müller® may choose to repair the affected component or replace it with a comparable item. Replacement parts may vary slightly from the originals due to changes in materials or availability. In some cases, the return of the defective product may be required for evaluation. While repair or replacement parts are provided at no charge, Samuel Müller® will NOT cover the expenses related to shipping the replacement part to the customer, including any shipping charges, duties, or additional costs associated with the shipment of the replacement item. Replacements and/or corrections are at the sole discretion of Samuel Müller® and will be limited in scope to a reasonable and equitable remedy.

Because wood is a natural material, variation in color, grain, and texture is normal and expected. These characteristics, along with natural changes that occur as wood ages, are not considered defects. Natural changes that occur include but are not limited to mellowing or darkening due to light, humidity, cleaners, smoke, or household conditions. Cabinets with hand-applied finishes, including glazes, may show subtle differences from piece to piece as hand applications naturally include variations and possible random drips or runs. Painted doors may also develop small joint lines over time as the wood expands and contracts. These traits are normal and not covered under warranty.

This warranty is valid only in the United States, Canada, and Mexico. Any implied warranties last only as long as the period allowed by law or the duration of this warranty, whichever is shorter. To the extent allowed by law, Samuel Müller® is not responsible for special, incidental, or consequential damages. Some states do not allow certain limitations, so these exclusions may not apply to every consumer.

This limited warranty applies to Samuel Müller® products that were purchased after August 1, 2024. For service under this Limited Warranty, please contact the authorized Samuel Müller® dealer where the product was purchased. Samuel Müller® must be notified in writing for any claim, providing your name and address, a description of the product involved, the nature of the defect or failure, and proof of purchase and date of purchase. Repair or replacement shall not include any labor charges. This limited warranty is non-transferable. Warranty problems should be submitted to: Samuel Müller® 800 Bronze Rd. Warren, OH 44483, email [sales@samuelmueller.com](mailto:sales@samuelmueller.com) or by submitting the Samuel Müller® Warranty Claim form as found at [www.samuelmueller.com](http://www.samuelmueller.com).

THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, AND SAMUEL MUELLER® EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THIS LIMITED WARRANTY SETS FORTH THE PURCHASER'S SOLE REMEDY IN CONNECTION WITH THE SALE OR USE OF PRODUCTS COVERED BY THIS LIMITED WARRANTY AND IN NO EVENT SHALL SAMUEL MUELLER® BE OTHERWISE LIABLE FOR ANY LOSS, DAMAGE OR INJURY OF ANY NATURE ARISING OUT OF THE SALE OR USE OF THE PRODUCTS DELIVERED HEREUNDER, WHETHER FOR NEGLIGENCE, BREACH OF CONTRACT OR UNDER ANY OTHER LEGAL OR EQUITABLE THEORY. SAMUEL MUELLER® SHALL NOT BE LIABLE FOR ANY INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE SALE OR USE OF SUCH PRODUCTS, INCLUDING BUT NOT LIMITED TO LOST PROFITS, REVENUES, ANTICIPATED SALES, BUSINESS OPPORTUNITIES OR FOR INTERRUPTION OF BUSINESS\*.

\*Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state.
