

FEATURES

- Decorative towel bars coordinate with Colton bath accessories.
- Powerful vacuum suction holding system. Suitable for all kinds of smooth surfaces: solid surface material, glass, tile, marble, metal.
- Includes a super strong load-bearing flange with vacuum suction system.
- Time saving, easy installation. Position the flange, rotate clockwise to lock in place. The strong moisture resistance of the vacuum suction means Cara bath accessories stay in place and won't fall off.
- To remove, rotate counter-clockwise to unlock. To re-position simply clean the surface, attach the flange and lock in place.
- Heavy duty 304 stainless steel.

FINISH

- 2 finishes: polished chrome, brushed stainless

WARRANTY

- Lifetime Limited Residential / 5 Year Commercial on finish
5 Year Limited Residential / 1 Year Commercial on vacuum suction system
